Foreword

Preliminary questionnaires concerning a medical and hospital plan for the care of Oregon Shipbuilding Corporation and Kaiser Company, Inc., Portland, employees indicated the majority of the workers desire a complete plan embodying medical and hospital care. Representatives of the management and employees have realized that the care of the large numbers of men and women employed in these two plants would require the services of a majority of the medical and hospital professions not only in the Portland area but in neighboring communities as well. The facilities of the Oregon Physicians' Service and the Northwest Hospital Service Plan offering a wide choice of physicians and hospitals was found to assure members all the benefits of medical science required. Accordingly, the Oregon Shipbuilding Corporation and Kaiser Company, Inc., Portland, have made arrangements with these non-profit organizations to give you complete medical and hospital care by payment of a small weekly fee.

Physician Will Make Necessary Home or Hospital Calls

As a subscriber to the Medical and Hospital Plan, you will have a free choice of cooperating physicians. The physicians will make house or hospital calls, in the event that the subscriber is unable to call at the doctor's office. Both treatments and surgical operations are provided by the M & H Plan.

Any physician eligible for membership in the Oregon State Medical Society and who has expressed a willingness to render service under the plan is qualified to perform these services for you; or any registered physician in another state if you are away from home. The doctor will render his bill directly to the office of the Medical and Hospital Plan on a special form provided by the plan. Then M & H will pay the bill.

Necessary ambulance service for conveying the seriously sick and injured to hospitals is paid for by M & H

Ambulance Service

Part of the care for the sick or injured provided by M & H is free ambulance service. The ambulance will take you to any approved hospital in Oregon or Washington—including Emanuel, Good Samaritan, Hahnemann, Portland Sanitarium, Providence, St. Vincent or Coffey Memorial. At the hospital you will receive everything your case requires—X-ray, surgery, drugs, nurse, all under the direction of a competent physician.

At home or anywhere in the United States you can obtain the care of a skilled physician under the M & H Plan.

Finest Medical and Hospital Care

. . . only 60c a week

The complete Medical and Hospital Plan costs only 60c a week. Authorize a deduction from your working wage, then when you are ill you can stop making payments, and M & H will start paying your medical and hospital bills.

Sickness and accidents which require hospital, medical or surgical treatment reduce savings, upset budgets, and often bring about real hardships and sacrifices for the sick man and his family. The Oregon Physicians' Service and the Northwest Hospital Service Plan are cooperating to make this protection available to you.

A doctor and nurse will be available at the plant in case you become ill. Drugs, dressings—all first aid supplies will be kept in a dispensary by M & H. In case of accident or illness away from home, you may obtain the services of any registered physician or approved hospital, in any city in the country. A nurse will be sent to visit your home if you are ill at home.
